

## Arts Festival Update

We are pleased to announce that reuse expert and filmmaker **Alex Eaves** is joining us at the Arts Festival, along with his transformed box truck. Alex and former HGTV tiny house builder **Derek "Deek" Diedricksen** have teamed up to turn a box truck into a mobile reuse education center and living space. Alex will be providing tours of the truck's interior, and chatting with festival-goers about the Box Truck project. Visit Alex from Noon to 3:00 PM.

*Proudly sponsored by  
Massasoit's Sustainability Office.*
