

Personalize a pathway stone, park bench, or solar lamp post. Name a garden wedge, or the garden itself in dedication to your family or business. A special message, inspirational thought, or expression of sympathy, makes a notable tribute to life's many milestones.

A variety of carefully chosen garden design elements are waiting for your inscription. They will become a permanent part of the Honor Garden, which is always accessible and free to the public. We encourage you to visit.

We are grateful for the support of our alumni, faculty, staff, students, parents and businesses who have helped us realize our vision for the Massasoit Honor Garden, and have made the Commonwealth Honors Program Scholarships possible.

"Winning the Honor Garden Scholarship not only helped me purchase my textbooks for my first semester at Bridgewater State University, but it also gave me a boost of confidence as I prepared to move on from Massasoit. It meant a lot to have others recognize the passion and effort I put into my coursework. I can now go on to pursue a bachelor's degree in philosophy, knowing that I come from a supportive community that truly values its students."

Steven Young, Spring 2014 Honor Garden Scholarship recipient.

Learn more about the Commonwealth Honors Program at Massasoit, and the Honor Garden at the Canton Campus by visit visiting www.massasoit.edu/alumni, or calling the Development and Alumni Relations Office at 781-821-2222, ext. 2603.
