Catalog Description for Preparing for College Reading I ENGL 091 01:

This course is designed to provide students with an opportunity to improve their reading comprehension, to increase their vocabulary, and to expand their general knowledge. An additional one-hour lab in the Academic Resource Center may be a required part of the course.

NOTE: Credits earned in this course cannot be applied toward graduation.

PREREQUISITE: Reading for ESL students (ENSL 111) or waiver by placement testing results, or departmental approval.

Required Texts:

Pemberton, Steve. *A Chance in the World*. Nashville: Thomas Nelson, 2012.

Course Goals:

This course will provide students the opportunity to learn and practice a variety of reading skills and strategies. Emphasis will be placed on vocabulary, patterns of organization, dictionary and library skills, skimming, scanning, and critical reading strategies. This course incorporates Massasoit's Core Competencies: reading, writing, oral communication, critical thinking, quantitative and computer skills.

Outcomes:

Students who successfully complete this course will be able to

- Improve vocabulary through authentic and high interest readings and application of word structures and context clues;
- Comprehend primarily narrative texts by applying various skills and strategies before, during, and after reading;
- Demonstrate metacognitive awareness as readers and;
- Read independently with increased comprehension, speed, and confidence.

Teaching Procedures:

Students will be involved in discussions, cooperative group activities, guided practice, and individual projects. Lecture will primarily be used to introduce new material. Audio-visual materials may also be used.

Course Requirements:

Assignments/Discussions/SSR Logs	30%
Participation	10%

Papers	20%
Midterm Exam	20%
Final Exam	20%

Grading:

A	93-100	C	73-76
A-	90-92	C-	70-72
B+	87-89	D+	67-69
B	83-87	D	63-66
B-	80-82	D-	60-62
C+	77-79	F	59 and below

Note: More specific grading criteria will be given with each assignment.

Attendance:

This course will meet MWF for 50 minutes each class period. Attendance is essential. After 5 absences on MWF or 3 absences on TR you will receive a zero for participation. **You are responsible for all work assigned in the class -- regardless of whether or not you attended the class in which an assignment was given. Quizzes, exams and assignments cannot be made up, unless arrangements are made with me at least 24 hours prior to scheduled due date.** *Please note that your participation grade is not solely based on attendance but on active participation.

Tardiness:

It is also very important that you arrive to class on time. When you are late you miss important information, and walking in late disrupts other people's learning. Each tardy will count against your participation grade. If you arrive more than 10 minutes late, you will be marked absent. If you are consistently late, I will ask you to leave the class until you can arrive on time. Leaving early will be treated the same way as arriving late. If you do arrive late, enter the room quietly, take a seat near the door, and do not disrupt the work we are doing.

Late Work:

Work is due when assigned. Late assignments, as a general rule, are not acceptable. Work that is not turned in will receive a zero, which is lower than an "F." Technical difficulties are not an excuse for not handing in work. If you are having printing problems or any computer difficulties, you must sort these out prior to the day your essays and/or assignments are due! There are many computers and printers on campus that you may access: locations include the Academic Resource Center, the Student Center (SC190) and the library. Further, there is an IT helpdesk in the Technology (T) building (508-588-9100 x1139).

Guidelines for Submitting Work:

Your assignments should include your name, the date, the name/type of the assignment. They must be word processed, 12 pt font, stapled, double-spaced and on 8.5 x 11" paper.

Plagiarism:

Plagiarism is presenting the work of others as if it is your own. It is a form of cheating and theft and will result in failure.

Academic Resource Center (ARC): The Writing Center provides a place where Massasoit students of all disciplines and skill levels can get feedback on writing assignments. Trained writing tutors can help with any part of the writing process including, brainstorming, idea-development, drafting, strong sentences and paragraphs, revising, and documenting sources. One-on-one writing tutorials are free for Massasoit students. Appointments do fill up, so please make an appointment by calling (508) 588-9100 x 1801, by emailing arc@massasoit.mass.edu or by visiting the Writing Center (SC building, ARC). Tutoring for this course and others is available without cost in the ARC. Please let me know if you would like to take advantage of tutoring. You can also make an appointment through Gradesfirst.

Accommodations Statement:

Students with disabilities who believe that they may need accommodations in the classroom are encouraged to contact a Disability Counselor; Andrea Henry at x 1805, Julie McNeil-Kenerson at x 1424 or Cathy Brogna at x 1425, as soon as possible, in order to ensure that such accommodations are implemented in a timely fashion.

Advising Statement:

Proper advising is crucial to your success here at Massasoit. Students are strongly encouraged to seek out their advisor and the registration procedures as advertised in the MyMassasoit portal and on the college web page. Information can also be obtained at the Advisement and Counseling Center, 508-588-9100 ext. 1461 or via email: advisinghelp@massasoit.mass.edu. If I can be of any assistance, please see me. If there are any questions that I cannot answer, I will be sure to point you in the right direction.

Class/School Cancellations:

To view school cancellations, visit the Massasoit website at www.massasoit.mass.edu. Announcement will be posted on the top, left corner of the homepage. If class is cancelled due to my absence, you will receive notification via the class website and the digital message screens located in each campus building.

CELL PHONES MUST BE TURNED OFF DURING CLASS

So that we can all focus on learning, cell phones and all other electronic devices must remain off throughout each class period. (Not on vibrate, not tucked in your pocket, not in your bag –off.) If you do not leave your electronics off, I will ask you to leave class and you will be counted as absent for the period. If you have an emergency situation that requires you to be accessible during a particular class, please speak with me before we begin. If you are on your phone during class, you are not actively participating and this will affect your participation grade. It is distracting to those around you as well as to your instructor when you miss material because you are not paying attention and then need to disrupt others to catch up.
