College-Level Examination Program (CLEP)

The College-Level Examination Program (CLEP) is a standardized, college credit-granting exam program maintained by The College Board. The CLEP offers 33 exams in five subject areas, covering material taught in courses that you may generally take in your first two years of college. Most CLEP exams are designed to correspond to one-semester courses, although some correspond to full-year or two-year courses.

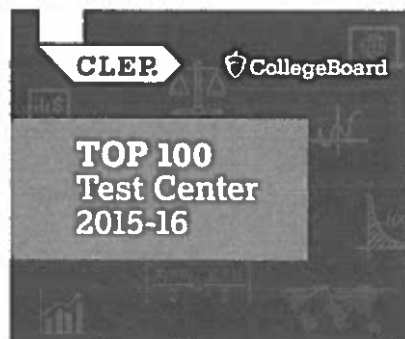

Bridgewater State University offers credit for most CLEP exams. For more information, click the "Info for BSU Students" button.

All test takers must first register an account through the [CLEP My Account Registration Portal](#). You will choose your exam and pay an \$80 test fee in advance online (on test day, you will pay a \$35 proctor fee, totalling \$115). After you register for your test online, print out your CLEP Exam Registration Ticket(s), and bring it with you on test day. CLEP Exam Registration Tickets must display the *exact* examination you wish to take. If the examination name on the voucher does not match the exam you wish to take on the day of your appointment, you will have to complete additional steps on the CLEP website prior to taking your exam; this process may delay or cancel your appointment entirely.

CLEP also requires that you present a current, valid, government-issued ID that contains a photo and signature. To review the identification requirements, [click here to visit the official CLEP website](#). Note: If you do not meet the minimum identification requirements, we cannot administer the test to you.

Bridgewater State University is a fully-funded CLEP test center for qualified active-duty military test candidates, qualified military spouses, and qualified civilian employees. Exams for qualified military personnel, spouses, and civilian employees are funded by the DANTES program. To learn more, and to check your eligibility, visit clep.collegeboard.org/military.
