2017 Sponsor of Arts Festival Merit Scholarship
May 21, 2017
Dear Friend of the Arts,

It is my privilege to welcome you to the 8th Annual Arts Festival on our Canton Campus. The Arts Festival has become an essential and enjoyable link between the College, our talented students, the local art scene, and patrons and supporters like you. A portion of the proceeds from this free, public event will provide assistance to both our students and the Visual Arts Department, and help fund the Arts Festival Merit Scholarship, awarded to a student who continues his or her art education in pursuit of a Bachelor’s degree.

Artists, art enthusiasts, students, and families can explore the Festival’s three juried art shows: The Open Juried Exhibition; The Annual Massasoit Students Juried Exhibition; and The Regional High School Juried Exhibition. Take your time as you browse the work of fine arts crafters and artisans who will have their wares available for purchase; enjoy printmaking demonstrations; and take part in a variety of fun art activities at the Children’s Activity Tent. Visitors can also enjoy some truly wonderful food by sampling a meal or indulging in a sweet treat. The musical arts will be on display as well, with all the Festival has to offer set to the background of live entertainment. The Milton Art Museum, a collection in residence at the Canton Campus, will also be open for viewing.

The Committee of this, our 8th, Annual Arts Festival has worked diligently and enthusiastically over this past year to make this widely anticipated art event a reality. Please join me as we celebrate art in its many forms, functions, and fellowship!

Charles Wall, Ph.D.
President

The Arts Festival Raffle is an opportunity to win one or more of the many exciting items, donated to raise money for our students and the Visual Arts Department. A portion of the proceeds helps to fund the Arts Festival Merit Scholarship, awarded annually to a student who continues their art education in pursuit of a Bachelor degree. This spring, Jessica O'Connell was the recipient of the $1,000.00 scholarship, and is attending Montserrat College of Art in the fall. This event also assists our visual arts students with purchase of studio, and art supplies.

Take a chance on exciting raffle items while making a difference in our students future!

As part of Massasoit Community College's 50th Anniversary celebration, the College has partnered with Plymouth 400 to bring the "Our"Story traveling exhibit to the Canton campus as a featured attraction at the 8th Annual Arts Festival.

The interactive traveling exhibit, told in the Native voice, shines a light on pieces of history that had a significant impact on the Wampanoag tribe, its relationship with the Mayflower Pilgrims, and the founding of Plymouth Colony. Cornerstone events that shaped America's earliest beginnings. Each year, a new theme is added to the exhibit; "Our"Story debuted in 2014 with "Captured 1614," a critical back story to colonization and the roots of the American holiday, Thanksgiving. "The Messenger Runner" added new context regarding the Wampanoag tribe's communication traditions and territory. The newest panel, titled "The Great Dying," depicts the catastrophic effects of a plague that devastated the Wampanoag nation between 1616 and 1619.

"It was so important for us to address this theme, The Great Dying, with particular compassion for the victims," said Paula Peters, a Mashpee Wampanoag tribe member and the executive producer of the exhibit. "History simply writes off tens of thousands of Wampanoag as a footnote. Just because no one recorded it does not mean that there was not despair and grief."

The art for "The Great Dying" panel was created by Robert Peters, a Mashpee Wampanoag artist, writer, and activist and his son, Robert Peters Jr. "Revisiting the historic Great Dying gave me cause to meditate, look into the past and reimagine the scene," said Robert Peters Sr. "The balance between historic accuracy, artistic stylization and realism created a scene that we intend for people to take the time to look at and consider how it impacts our lives. It was a privilege to work on, a long process to make it all come together and truly a family grown success. I hope that this work will help people see that Native American People are not just a part of history but have a place in the future too."

"We are pleased to be partnering with Massasoit Community College to bring Plymouth 400's Wampanoag exhibit to its Canton campus. The College, named for the Great Sachem Massasoit Usamequin, is commemorating its 50th anniversary, and we believe this is a fitting addition to their celebration," said Michele Pecoraro, Executive Director of Plymouth 400, Inc. "Most of what we know about this period in history comes from accounts written by Englishmen. We now have the opportunity for the Native story to be highlighted and told in the Native voice. This exhibit is just one of the ways Plymouth 400 is working to create a commemoration that is historically accurate and representative of the cultures involved."

"Our"Story will continue to travel and engage viewers in these honest and powerful narratives as part of the Signature Events and Programs of Plymouth 400, the organization planning the international 400th anniversary commemoration of the 1620 Mayflower voyage and the founding of Plymouth Colony.

Giving Opportunities for the Commonwealth Honors Program Scholarships

For more information visit: www.massasoit.edu/honorgarden

Sheilena Downey, one of the recipients of the 2015 fall semester Honor Garden Scholarship, was presented with her award by Alisha Collins of Reebok International during the Commonwealth Honors Celebration at the Canton campus.

Pictured left to right, Alisha Collins, Reebok International; Sheilena Downey, Scholarship recipient.

Where are they now?

Dennis Winders, one of the first students to receive the Honor Garden scholarship, is currently the General Manager and partner for Ichabod Flat Oysters in Plymouth while continuing his education at UMASS Boston. After one more semester, he will pursue an MBA. He is very grateful for the support he received at Massasoit.

Jessica Beckman, a recent graduate of Massasoit’s Commonwealth Honors Program, and the recipient of the Honor Garden Scholarship, is currently attending Smith College’s Ada Comstock Scholars program for women of non-traditional college age. “I received a full scholarship because of my involvement with Massasoit’s Honors department, passion for community engagement, and good grades. The Honors program and its support services are truly a ladder to success available to anyone who dares to challenge themselves.”
