**Program Notes**

The Massasoit Community college Nurse Education program began in 1968 and graduated its first class in 1970. Massasoit offers nursing options both part time and full time. Our program is committed to providing an education based on professional nursing standards. Most of our graduates are employed in local health care facilities. The nursing program strives to assist students in realizing their full potential. The faculty and staff value respect, caring, esteem, nurturing, and critical thinking in each other, our students, and the community.

A CORI/SORI background check will be required for all students before clinical experience. Nursing courses have both a theory and clinical component. A student must pass both in order to successfully complete the course.

A minimum grade of C+ (78) is required in all nursing courses.

**Math Competency:** The math competency for graduation may be fulfilled by passing MATH 112 Intermediate Algebra with a C- or higher or by passing the computerized placement test with a score of 72 or higher.

**Other Electives:** Students choosing a liberal arts elective can select from the Course Elective Guide at massasoit.edu/electives.

Some courses may have prerequisites, which are courses that must be taken prior to a particular course. For details, log into DegreeWorks through your MyMassasoit portal.

A minimum of 65 credits and 16 courses is required for completion. The same course may not be used to satisfy two different course requirements.
